

Doppel-Aderendhülsen mit Polypropylen- Isolation

Douilles jumelées pré-isolées en polypropylène

Twin cable end-sleeves with polypropylene insulation

Werkstoff :
E-CU sn = Elektrolytkupfer verzinkt

Matière:
E-CU sn = cuivre électrolytique étamé

Material:
E-CU sn = tin-plated electrolytic copper

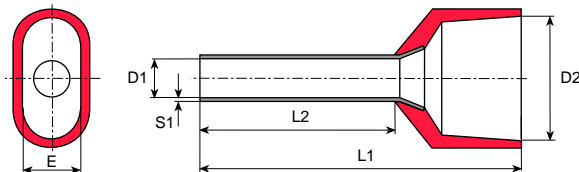

Temperaturbeständigkeit:
bis +105°C

Résistant à une température:
jusqu'à +105°C

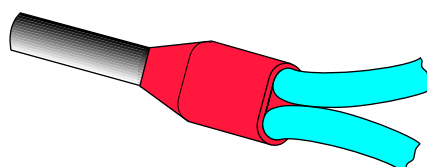

Temperature range:
up to +105°C
